## ABOUT US

### Philosophy:

F-Iniciativas is a professional consulting firm leader in Europe, with a 20 years expertise of the founders in financing Research and Development (R&D), Innovative, Technological or Industrial activities of our clients, claiming all type of incentives (Tax credit, Deduction, Allowance, Grants, Aids, Patent Box, innovation box, ...).

F-Iniciativas aim to work with R&D Tax Credit, but also R&D Public Funding (Grants, interest-free credits, subsidies,..) what is creating a synergy in the savings .

### Objective:

Taking advantage of the most favorable scheme in the OECD countries regarding R&D Incentives, the result of F-iniciativas' mission is a real cost optimization and more value for the company resulting in a direct net profit and maximizing the bottom line and the corporate equity.

### Advantages:

➤Technical & Fiscal Expertise: F-Iniciativas has a professional team of successful technologists with scientific or engineering background and an additional tax knowledge and have been intensely involved in incentive claiming.

➤Success-fees (no fix costs).

➤Protected Confidentiality.

➤Free Technical Pre-Audit.

➤Guaranties: F-Iniciativas assists his clients during the audit/control process of the authority, give a compromise of refund of his fees and financial guaranties.
